# Notification Settings

In this section you can define sender and recipient notifications.

Please note: With the button select all and deselect all you can enable and disable all notifications.

- Sender Notifications:
    - Notify when recipient has completed a document
    - Notify when recipient has declined to sign a document
    - Notify when a document delivery has failed
    - Notify when recipient has viewed a document
- Recipient Notifications:
    - Notify when recipient hast completed a document

Figure	Description
	1. Sender notifications 2. Recipient notifications
