Cookie Policy

This is the cookie policy page for eSignAnyWhere, SIGNificant Server Platform and especially the SignAnyWhere Viewer (document signing).

Cookies consist of portions of code installed in the browser that assist the owner in providing the service according to the purposes described. Some of the purposes of installation of cookies may also require the consent of the User.

Types of Cookies used

The product uses following types of cookies:

Technical Cookies and Aggregate Statistics

- Activities strictly necessary for operation
- This application uses cookies to save the user's session and to perform other activities that are strictly necessary for the operation of the same, for example in relation to the distribution of traffic.
- Activities for saving preferences, optimization and statistics.
- This application uses cookies to save browsing preferences and optimize the user's browsing experience. These cookies include, for example, those for setting the language and currency or for the management of statistics by the owner of the site.
